

NWMS Choir: "In Tune"

October 9, 2020: Fall Break Edition

NWMS Virtual Choir Performances

Since there were no fall concerts this year, the 7th and 8th Grade choirs made virtual performances. Choir students from both houses recorded their individual parts at home using headphones, practice tracks, and Ipads. Each individual recording (65-75 per choir) was then combined to allow all the kids to sing together virtually. The students sent in pictures to accompany their singing parts.

This year has been challenging, but it hasn't stopped us from making music together!

I hope everyone has a relaxing break!

Open the links below if you wish to view their performances.

6th Grade Choir Update

The 6th graders have had a great time learning new songs and meeting new friends. The choir has learned a variety of warm ups and each student can sing a major scale with hand signs. They have learned the songs: "I Hear The Windmill", "Count On Me", and "Green Eggs and Ham".

The students have started to prepare music for this winter.

The choir is excited about the opportunity to perform at the Winter Concert on December 15, 2020.

NWMS Live Winter Concert is December 15, 2020

The NWMS Winter Concert will be on December 15, 2020. This concert will be in the NWMS Main Gym. There will be a separate concert for each grade level. Times have yet to be determined.
