

# All about Me Week Project

**For this project you will decide how you want to present information about you to the class. You can create a poster with pictures, draw pictures, bring in a bag of items to share, etc. This will help the class get to know you better. Your parents are welcome to help you with this. Be creative. Your items and creation will be shared in the class during "your week". Creations can be brought in any day during your "assigned week".**

**Be ready to share these things about you to class:**

- A picture of you
- Things you like to do
- When you grow up what you'd like to be
- Your favorite toys
- Your favorite foods
- Share your family

**See back page for dates of student weeks!**

## Order of dates for All About Me Student weeks:

Students can bring all about me items any day during the week of the date listed next to their name.
